

ENVIRONMENTAL POLICY

MERLIN S.A. is in charge of the management and operation of a concession devoted to the rental of moorings for pleasure craft; the drydock management and the rental of premises in the commercial zone.

The directorate, in recognition of the commitment of MERLIN S.A. to manage the entity in a responsible way and meet the needs of the customers and enterprises which operate within our facilities, steps up its efforts by applying the following principles:

- Taking the necessary measures to comply with the legal requirements and any others of the activity.
- Making a rational use of natural resources, raw materials and energy taking all the necessary steps to protect the environment.
- Defining, reviewing and achieving the purposes and goals to foster continuous improvement and appropriate environmental performance.
- Conveying to customers and enterprises the importance of pollution prevention, and preservation and respect for the environment (in which the aquatic activities take place).
- Improve the environmental management system to improve environmental performance.
- Efficient management of waste produced in the port facilities.

Santa Eulalia, Ibiza, March 2019.
